The Ridge at Back Brook is a private golf-only club where scores will mean something and the walk between shots will mean everything. Mother Nature has given Tom Fazio, 3-time Golf Course Architect of the Year, the ideal canvas with which to work, dramatized by distinct changes in elevation, multiple ridges with unique rock wall faces, and gently flowing Back Brook, accompanied by a number of smaller tributaries which meander throughout a landscape punctuated by dense stands of century-old specimen trees and clusters of spectacular rock outcroppings. The natural topography has allowed Fazio to create unique backdrops and framing for each hole, and to fashion a design with great visual variety that combines playability and challenge for golfers of every caliber.

## GHN's Domestic Youth Advocacy Programs

Giving Hope Network's Domestic youth advocacy programs are primarily focused on providing access to life's essential needs, improving communication, supporting education, and readying students for employment.

Court Appointed Special Advocates (CASA) of Philadelphia trains and supports community volunteers to advance the welfare of children in foster care through effective advocacy. Volunteers are regular people, from all walks of life, who have been screened and highly trained and receive ongoing support and supervision from CASA staff. Volunteer CASA advocates identify needs, make recommendations to the family court and provide children with a steady, consistent adult presence during this difficult, and often tumultuous, time in their young lives. For many abused and neglected children, their CASA is the one constant adult presence in their lives when their case manager or foster parents change. Independent research has demonstrated that children with a CASA are substantially less likely to spend time in long-term foster care and less likely to re-enter care.

Rooted Kinnections: Formerly Camp To Belong River Valley. Our mission: Connecting and enhancing sibling relationships impacted by foster care and other out-of-home placements. We believe that all kids deserve the opportunity to spend meaningful time with their sibling(s) and we are dedicated to helping make that happen for youth impacted by foster care and other out-of-home placements. While many of us take for granted the opportunity to share meals, play games, and say goodnight to our siblings, the youth we serve at Rooted Kinnections Inc. cherish these small moments that they do not always have. Every child deserves positive childhood memories and these are the moments we work to create.
