NCLEX® EXCEL! PN Live Prep Course for PNs

Will you pass the NCLEX®?

You will if you prepare! There is no better source for NCLEX® PN preparation tools than Drexel University's NCLEX® EXCEL! PN Program.

Now offering HESI testing, NCLEX® EXCEL PN! has everything you'll need to prepare you for the NCLEX® PN.

Take our intensive four-day review; you'll get a chance to review material that you haven't seen in years. Plus, you'll acquire test-taking skills that will make a difference.

For the past several years, more than 97-100% of Drexel University Nursing Students have passed the NCLEX® aided by our NCLEX® EXCEL! PN course and HESI testing.

It all comes down to this! Years of dedication and study, not to mention the tuition that you've paid, all add up to this one moment where you'll pass the NCLEX® and become a full-fledged nurse.

Test Taking Skills

When it comes to the NCLEX®, it's not enough to be smart. You have to have the test-taking skills to test smart.

With our NCLEX® EXCEL! PN program you'll learn to:

- Isolate key words and determine what the question asks
- Narrow down choices and select the correct answer
- Manage test anxiety and gain confidence in your abilities
- Find the right approach to the exam and enhance your testing skills

NCLEX® EXCEL's three keys to success:

1. **Preparation:** Do you remember all the material that you covered two years ago? Of course not, that is why Preparation is so important to pass the NCLEX®. *Even the best student needs to go back and review concepts that haven't been covered in awhile.*
2. **Testing:** Why take the NCLEX® cold? Our exclusive agreement with HESI gives you access to the most realistic NCLEX® PN prep test available
3. **Personalized Remediation:** Taken from the HESI Test results, our remediation tool will tell you where you need to improve. Giving you the knowledge of YOUR weak areas BEFORE you take the NCLEX® PN exam.
